

## 106.5 The Arch Collects 21,000 Holiday Cards for Sick Children

During the month of December 2018, 106.5 The Arch collected over 21,000 holiday cards for the pediatric patients at St. Louis' two Children's Miracle Network hospitals - SSM Health Cardinal Glennon Children's Hospital and St. Louis Children's Hospital.

Dozens of schools and organizations - and even the Ballwin Police Department - helped to create and collect the holiday greeting cards, to cheer up the pediatric patients and their families during the holiday season. The studios at 106.5 The Arch were brimming with Christmas joy with bags and boxes of prior to "delivery day" (see attached photo of Stacy and Jonah with loads of cards!)

And then last Thursday, December 13th - 106.5 The Arch's on-air hosts Stacey, Jonah and Cassidy visited with children and their families, and delivered the holiday cards to both of the Children's Miracle Network's hospitals.

According to Program Director Scott Roddy, "The entire team at 106.5 The Arch collected more than TWENTY THOUSAND cards for kids in the hospital over Christmas. Each child receive dozens of custom cards, delivered with a smile and special treat from Cassidy, Stacey and Jonah. We thank our loyal listeners for helping us spread some Christmas cheer to the patients at the Children's Miracle Network hospitals - YOU made the difference for those kids and their families!"
